

# City HR / LSE Partnership

We are excited to work with the London School of Economics MSc with their **HR Work Shadowing 2025 scheme**. This allows City HR members to **host an MSc HRO work shadowing students** this **April to June 2025**.

It is a fantastic opportunity to develop future talent for the HR profession as well as contribute to volunteering and CSR initiatives, giving time to future talent and making a positive impact on higher education.

Interested students will apply to the scheme and be matched to work shadow opportunity by our Faculty Lead, based on the best fit and motivations.

 See their [brochure](#) for further details including how it works, commitment required and more about the student matching process.

 If you would like to be a Host, please submit a [Work Shadowing Host Application form](#) by our **closing date Friday 28th February 2025**.
